 - **North** : NorthMccd.Notification@ggc.scot.nhs.uk
 - **South** : SouthMccd.Notification@ggc.scot.nhs.uk
- Admin staff member will return to hub and follow the below steps:
 - Contact NOK to ask if they wish to see a copy of MCCD and state that during COVID 19 the only option available is to email.
 - NOK consent to email copy, NOK to email administrative team and include the name of the registration office they wish to process the death registration.
 - When email received click 'reply' check the nominated registration office and copy the email address to the 'to' field aswell at retaining the email address of the NOK
 - Add the serial number to the subject line ensuring that the full name of the deceased is included.
 - Attach the MCCD for the deceased as an attachment and select 'Send'

- Scan a copy of MCCD to clinical Portal under > **Acute specialties GGC > Legal Documents**
- Post original MCCD to the nominated registration office.

COVID-19 APPROVED GUIDANCE

OFFICIAL SENSITIVE

Note: This guidance has been fast-tracked for approval for use within NHSGGC

Covid-19 Weekend Process for Registering MCCD

This guidance is intended to assist healthcare professionals in the choice of disease-specific treatments.

Clinical judgement should be exercised on the applicability of any guidance, influenced by individual patient characteristics. Clinicians should be mindful of the potential for harmful polypharmacy and increased susceptibility to adverse drug reactions in patients with multiple morbidities or frailty.

If, after discussion with the patient or carer, there are good reasons for not following guidance, it is good practice to record these and communicate them to others involved in the care of the patient.

Version Number:	3
Does this version include changes to clinical advice:	No
Date Approved:	21 st April 2022
Approval Group:	Acute Covid-19 Tactical Group

Important Note:

The version of this document on the Clinical Guideline Directory is the only version that is maintained. Any printed copies should therefore be viewed as 'Uncontrolled' and as such, may not necessarily contain the latest updates and amendments.
